THE GENERAL ASSEMBLY,

Recognising the need for a resolution template,
Fully aware that such a template would be a help to MUN delegates,
Hoping that the provision of such a template will enable delegates to write and format
resolutions more effectively,

1. Resolves to provide such a template;
2. Reminds delegates of the importance of appropriate formatting;
3. Emphasises the need to end preamble clauses with a comma and operative clauses
with a semi-colon;
4. Further reminds delegates to finish the resolution with a full-stop.
